

FOR IMMEDIATE RELEASE**Crowsnest Pass based mining company takes a Wholesome Approach through the Northback Breakfast Program**

Blairmore, 5 February 2024 — Northback Holdings Corporation (**Northback**), a dedicated supporter of neighborhood initiatives, is pleased to announce its sponsorship of a school breakfast program with Livingstone Range School Division (**LRSD**) aimed at nourishing and empowering local students.

The new program is called the **Northback Breakfast Program**.

Reflecting its passion to foster healthier and more vibrant communities, Northback has committed to supporting the LRSD Nutrition Program by providing **\$75,000 per year** to expand this important initiative.

The sponsorship will provide crucial resources to ensure the continuity and growth of the LRSD Nutrition Program, which serves healthy foods to all students within the Livingstone Range School Division. This contribution aligns with the Company's vision of creating a better future and supporting communities and families.

“Many of our students face food insecurity at home,” says Richard Feller, Associate Superintendent of Human and Learning Services. “Our Nutrition Program helps ensure students don’t have to be hungry and can focus on learning. This generous donation from Northback will positively contribute to our Core Value of wellness in our schools.”

Northback CEO Mike Young is enthusiastic about the partnership, saying "Nutrition plays such an important role in enabling kids to have a good day at school and an even brighter future. Through this initiative, we hope to contribute to the well-being of the kids in our southern Albertan community."

The Northback Breakfast Program exemplifies the Company’s dedication to making a positive impact. The Company believes that by investing in local initiatives, it can contribute to building a healthier, more resilient community for all.

Northback is a Canadian steel-making coal mining company committed to supporting our neighbors in the Crowsnest Pass and southwestern Alberta.
